# On garbage collection on typhoon days

\* It is treated the same as when there is heavy snowfall.

## Combustible trash collection (designated trash bag)

### ● If the windstorm warning has been given

- Littering is dangerous when a typhoon approaches. In addition, garbage will be dispersed, so refrain from throwing it away if possible.
- Garbage collection will be carried out verifying safety despite the fact that when it is in the storm alert. However, there are inevitable cases of suspension according to the situation.

### ● Please respect the following when throwing away the trash

- In the event that the collection is suspended, no other alternative day will be established. You must remove the prepared garbage bag and throw it away on the day of the next collection.
- The schedule of garbage collection on typhoon days and the next collection after cancellation will be different from normal, so we ask for your collaboration to throw it away until 8:30 in the morning.

## Recyclable Trash Station/ Oversized Trash Station

### ● If the windstorm warning has been given

- In the event that it is on windstorm alert at 6 a.m. or later during operation, collection will be suspended.
- When it is scheduled to give the storm warning for the next day during operating hours, at 4 p.m. on the previous day, it will be suspended.
- If you are unable to distribute the materials to install the recyclable garbage station due to the wind storm alert, the collection will be suspended.
